

Council Chambers-City Hall  
City of Lodi  
Wednesday, November 20-1929

Pursuant to adjournment taken from the regular meeting of November 18th., 1929, the City Council of the City of Lodi met in adjourned regular session at 8.15 o'clock P.M. on the date first above written; it appearing that no persons other than members of the Council and representatives of bidders on street sweeping equipment were present; the meeting was held in the office of the City Clerk.

Mr J. A. Henning filed a written report on the proposals for furnishing street lighting equipment for the tennis courts. Owing to the cost of this equipment, it was decided to obtain a statement of those who would use the courts at night and the Clerk was directed to open a roster in his office for the use of those players who might register.

On motion of Councilman Shattuck, Roach second, Mr Clinton Henning was employed to assist the City Engineer in taking measurements on local wells.

There being 10,100 pounds of copper wire belonging to the City held in storage in San Francisco by Listenwaller and Gough; the same having been purchased from Baker-Joslyn Company for building a line to the sewage disposal plant and it appearing that the City would have no immediate use for the same; the Superintendent of Public Utilities was directed to sell the same to Federated Metals Corporation at 14¢ per pound F.O.B. warehouse at San Francisco.

On motion of Councilman Shattuck, Weihe second, the City Clerk was authorized to arrange with the "Addressograph" company for purchase of the machinery on which bids were received on the 18th.

No further business appearing, the City Council adjourned to the day and hour of their next regular meeting.

Attest:- *J. F. Blakely*  
J. F. BLAKELY, City Clerk,

The foregoing minutes read  
and approved without correction  
at a regular meeting of the  
City Council held November 20, 1929  
*W. A. [Signature]*  
Mayor of the City of Lodi.
